USA Technologies and SAVE Announce Settlement of Proxy Contest

MALVERN, Pa. & NEW YORK, Feb 05, 2010 (BUSINESS WIRE) -- USA Technologies, Inc. (NASDAQ:USAT), a leading supplier of networked devices and wireless non-cash transactions, associated financial/network services and energy management, and Shareholder Advocates for Value Enhancement ("SAVE") announced today that they have reached an agreement to settle the proxy contest related to the Company's 2010 annual meeting of shareholders originally scheduled for December 15, 2009 and postponed until June 15, 2010.

Under the terms of the settlement agreement, the Board has been increased from eight to nine members, and Bradley M. Tirpak and Peter A. Michel, as nominees of SAVE, have been appointed to serve as directors. In addition, SAVE has the right to appoint a third director to the Board if the Company does not achieve positive earnings before interest, taxes, depreciation and amortization in the quarter ending December 31, 2010 and have at least 100,000 connections to its network as of December 31, 2010. Immediately prior to the signing of the settlement agreement, William L. Van Alen, Jr., resigned as a director. Mr. Van Alen had served as a director of the Company since 1993.

In connection with the settlement agreement, the Board has approved several corporate governance changes, including declassifying the Board of Directors effective January 1, 2012 and allowing shareholders to call special shareholder meetings in certain circumstances.

George Jensen, Chairman and CEO of USA Technologies said, "Reaching this agreement, we believe, serves the best interests of the Company, its customers and its shareholders. We look forward to working productively with the new members of the Board as we work to achieve our strategic plan."

Mr. Jensen added, "I would like to personally thank Bill Van Alen for his dedicated service to the Company as a member of our Board of Directors since 1993. Bill has been a valuable resource to our Board and the Company and we are grateful for his significant contributions to the Company."

Bradley Tirpak, a member of SAVE, said "With this settlement, we believe the Company has taken a significant step forward in improving its corporate governance. Peter and I believe in the Company and its products and look forward to working constructively with the Board and management to enhance shareholder value."

As part of the settlement agreement, SAVE has withdrawn its director nominees for consideration at the 2010 annual meeting of shareholders and the pending litigation between the Company and SAVE has been dismissed. In addition, SAVE has agreed to a broad standstill extending through December 31, 2011.

As part of the settlement agreement, the Company reimbursed SAVE for actual out-of-pocket expenses incurred in connection with the proxy contest. The Company will file the full text of the settlement agreement today with the Securities and Exchange Commission as an exhibit to the Company's Current Report on Form 8-K.
