S.A.V.E. Partners IV, LLC (“SAVE”), together with the other Participants named herein, is filing materials contained in this Schedule 14A with the Securities and Exchange Commission (the “SEC”) in connection with the solicitation of proxies for the election of its slate of director nominees at the 2012 annual meeting of shareholders (the “Annual Meeting”) of USA Technologies, Inc. SAVE has not yet filed a proxy statement with the SEC with regard to the Annual Meeting.

Item 1: On April 30, 2012, S.A.V.E. Partners IV, LLC issued the following press release:

## Shareholder Advocates for Value Enhancement

### SHAREHOLDER ADVOCATES FOR VALUE ENHANCEMENT (SAVE)

#### NOMINATES SEVEN HIGHLY QUALIFIED NOMINEES TO

#### THE BOARD OF DIRECTORS OF USA TECHNOLOGIES, INC.

**GREENWICH, CT, April 30, 2012** – S.A.V.E. Partners IV, LLC, its nominees and certain other shareholders are members of a group (“SAVE”) that collectively owns 3,044,739 shares of common stock of USA Technologies, Inc. (“USAT” or the “Company”) (NASDAQ: USAT), representing approximately 9.3% of the Company’s outstanding shares. Today, SAVE issued the following open letter to shareholders:

Dear Fellow Shareholders:

S.A.V.E. Partners IV, LLC, its nominees and certain other shareholders are members of a group (“SAVE”) that collectively owns 3,044,739 shares of common stock of USA Technologies, Inc. (“USAT” or the “Company”), representing approximately 9.3% of the Company’s outstanding shares. SAVE is the Company’s largest shareholder.

Please do not interpret our substantial ownership of the Company’s common stock as an indication of support for the Board of Directors. We passionately believe in the potential of the Company, its technology and its talented employees, but we don’t believe this potential will be realized unless the Board of Directors is significantly reconstituted. That is why we have nominated seven highly qualified individuals for election to the Company’s Board of Directors at the 2012 annual meeting of shareholders.

#### **SAVE is committed to improving the Company for the benefit of ALL shareholders**

In our view, USAT needs a new direction and a new Board. Consider these facts:

- The share price of **USAT has declined more than 45% in the past year.**
  - Since Stephen Herbert became President and COO in August 1999, **the Company has accumulated net losses each fiscal year, totaling more than \$175 million.** During that time, **the Company’s stock price has declined over 99%.**
  - Mr. Herbert recently replaced George Jensen as CEO after it was discovered that **Mr. Jensen posted over 450 inappropriate comments on a Yahoo! message board, which led to an ongoing SEC investigation that has cost the Company \$886,000 in severance payments and other expenses to date.**
-

- Rather than bring in an outside candidate to energize the business and represent a new direction, the Board appointed Mr. Herbert to the role of CEO.
- While the value of your investment was deteriorating, **the Board voted to issue themselves stock, raising their own Board compensation by 35%.**
- The Board approved **four securities offerings from March 2010 to March 2011**, and **shareholders have been diluted by over 43%** in the past two years.
- One long-standing Board member, **Douglas Lurio, has billed the Company over \$2,300,000 through his small law firm during the past five fiscal years** while collecting an additional \$100,000 in Board fees during that time.

**In our view, shareholders cannot afford to allow this to continue**

SAVE has previously tried to implement improvements at USAT by serving as a shareholder advocate on the Board, but was unable to effect meaningful change with only minority representation. We acted then, and are acting now, only with the best interests of shareholders in mind. Accordingly, we believe it will take a majority change in the composition of the Board to enable the Company to achieve its full potential. As the Company's largest shareholder, our interests are closely aligned with yours.

**SAVE has a business plan to improve the profitability of your Company**

We have a strong business plan to invigorate the Company. Our goal is to remedy what we believe are the structural issues facing the Company and to fix and grow the business. We will provide more details of our business plan as this election contest proceeds. Some of the fundamental points to our business plan are:

- **Eliminate Wasteful Spending** – Reduce the Company's cash burn by eliminating waste, starting by terminating the Company's outside corporate counsel, Douglas Lurio, who is also a Board member. **Mr. Lurio's small law firm has billed the Company over \$2,300,000 during the past five fiscal years**, in addition to the \$100,000 in Board fees he has collected in that time;
  - **Develop New Hardware** – Develop lower cost, higher functioning terminals to enable the Company's customers to take advantage of the rapidly changing mobile payments market and accelerate the return on investment for all stakeholders;
  - **Increase Processing Profits** – Reduce costs and increase profitability in the transaction processing segment;
  - **Launch Vending Route Management Solutions** – Develop services to help customers use data to optimize their vending routes and increase their profitability;
  - **Expand Internationally** – Distribute the Company's products on a global scale. The worldwide market is expected to grow to 35 million vending machines by 2015;
  - **Protect Intellectual Property** – Enforce and defend the Company's key and valuable patents against emerging competitive threats;
-

- **Minimize Dilution** – Minimize dilution to shareholders. The majority of the current Board has overseen an increase in the Company’s share count by over 43% in the past two years;
- **Align the Board’s Interests with Shareholders and Reward Employees** – Our nominees plan to accept only options for service on the Board. We want it to be entirely clear that we believe in a pay for performance culture. We also plan to implement a stock option program for employees so that high-performing employees can benefit along with shareholders.

#### **SAVE has nominated seven extremely well-qualified candidates to the Board**

We believe that our highly qualified nominees are uniquely positioned and committed to implement our business plan successfully. Our nominees are leaders in their respective fields with specific expertise in each critical aspect of the Company’s operations, including hardware, transaction processing, vending, finance and sales:

- **George Wallner** founded Hypercom Corporation, a global payment technology provider that offered high security end-to-end electronic payment products, software solutions and services. Hypercom Corporation (NYSE:HYC) was acquired by VeriFone Systems, Inc. (NYSE:PAY) in 2011 in an all-stock transaction valued at approximately \$485 million. Mr. Wallner has extensive industry knowledge and experience in bringing technology to market, developing point-of-sale hardware and transaction processing solutions.
  - **Rodman K. Reef** was Chairman and Chief Executive Officer of Citishare Corporation, a subsidiary of Citigroup Inc. engaged in the retail electronic payments business. Mr. Reef has participated on the boards and advisory committees of NYCE, Visa, MasterCard’s and Europay’s Maestro, and The Clearing House’s Payments Company. Mr. Reef has extensive experience in the payment industry, including high volume transaction processing experience in the credit card industry.
  - **John S. Ioannou** is the former President of Next Generation Vending, LLC, a leader in vending services for the Northeast region with over 25,000 vending machines. Mr. Ioannou led the turnaround of Next Generation and spearheaded the efforts to apply vending route management technology to increase route operation efficiency. Mr. Ioannou has vast knowledge of the vending industry, experience building a growth company and an extensive technology background.
  - **Ajoy H. Karna** served in various senior-level finance and strategic capacities at Pepsico, Inc., including Senior Vice President, Finance of Frito Lay, Inc. and Senior Vice President, Mergers and Acquisitions at PepsiCo Corporate. Mr. Karna has broad strategic and operational experience in the food, beverage and vending industries and valuable capital markets and finance experience.
  - **Andrew Salisbury** is the former Chief Executive Officer of Corsidian, one of the largest distributors of customer contact and call center solutions in Latin America. Corsidian was sold to Aspect Software in July 2011. Mr. Salisbury is currently CEO of Videlica, a technology distributor. Mr. Salisbury has extensive experience in building profitable growth companies in international markets.
-

- **Craig W. Thomas** co-founded and is a managing member of Shareholder Advocates for Value Enhancement, and is a former portfolio manager at S.A.C. Capital Advisors and financial analyst at Rainwater, Inc. Mr. Thomas serves on the board of directors of Direct Insite Corp. and previously served on the boards of Laureate Education, Inc. and WCI Communities, Inc. Mr. Thomas has extensive experience as an investor and as a director of public companies.
- **Bradley M. Tirpak** co-founded and is a managing member of Shareholder Advocates for Value Enhancement, and is a former portfolio manager at Sigma Capital Management, Caxton Corporation and Credit Suisse First Boston. Mr. Tirpak has extensive experience as an investor, is a former member of the Company's Board and has a comprehensive understanding of the Company's business.

We believe that when you compare the qualifications of our nominees versus those of the Company, it will become readily apparent that our nominees have better qualifications and more experience to execute a business plan to improve the profitability of the Company. **All of these nominees are committed to the ultimate goal of making USAT a success and maximizing value for every shareholder.**

Over the coming weeks, we will be providing you with materials that we believe will help you to make an informed decision about the future of YOUR Company, including further information regarding our nominees and business plan. During this time, the Company and their public relations team may spend shareholders' money to protect the status quo, and you may also hear many personal attacks from the Company regarding SAVE and its nominees. Do not let this negative campaigning distract you from the real issues at hand. SAVE believes USAT has significant potential and we are passionate about growing the business. In our view, in order to realize that potential and maximize value for shareholders, USAT requires a new direction and a new Board.

**SAVE is the largest shareholder of the Company. SAVE has a business plan to improve the profitability of your Company and we have nominated seven extremely qualified individuals to the Board. Our interests are aligned with yours. We look forward to earning your vote and working hard to improve the value of your investment.**

Sincerely,

Bradley M. Tirpak & Craig W. Thomas

That is why we have nominated seven highly qualified individuals for election to the Company's Board of Directors at the 2012 annual meeting of shareholders.

#### **SAVE is committed to improving the Company for the benefit of ALL shareholders**

In our view, USAT needs a new direction and a new Board. Consider these facts:

- The share price of **USAT** has declined more than 45% in the past year.
- Since Stephen Herbert became President and COO in August 1999, the Company has accumulated net losses each fiscal year, totaling more than \$175 million. During that time, the Company's stock price has declined over 99%.
- Mr. Herbert recently replaced George Jensen as CEO after it was discovered that Mr. Jensen posted over 450 inappropriate comments on a Yahoo! message board, which led to an ongoing SEC investigation that has cost the Company \$886,000 in severance payments and other expenses to date.
- Rather than bring in an outside candidate to energize the business and represent a new direction, the Board appointed Mr. Herbert to the role of CEO.
- While the value of your investment was deteriorating, the Board voted to issue themselves stock, raising their own Board compensation by 35%.
- The Board approved four securities offerings from March 2010 to March 2011, and shareholders have been diluted by over 43% in the past two years.
- One long-standing Board member, Douglas Lurio, has billed the Company over \$2,300,000 through his small law firm during the past five fiscal years while collecting an additional \$100,000 in Board fees during that time.

#### **In our view, shareholders cannot afford to allow this to continue**

SAVE has previously tried to implement improvements at USAT by serving as a shareholder advocate on the Board, but was unable to effect meaningful change with only minority representation. We acted then, and are acting now, only with the best interests of shareholders in mind. Accordingly, we believe it will take a majority change in the composition of the Board to enable the Company to achieve its full potential. As the Company's largest shareholder, our interests are closely aligned with yours.

#### **SAVE has a business plan to improve the profitability of your Company**

---

We have a strong business plan to invigorate the Company. Our goal is to remedy what we believe are the structural issues facing the Company and to fix and grow the business. We will provide more details of our business plan as this election contest proceeds. Some of the fundamental points to our business plan are:

- **Eliminate Wasteful Spending** – Reduce the Company's cash burn by eliminating waste, starting by terminating the Company's outside corporate counsel, Douglas Lurio, who is also a Board member. **Mr. Lurio's small law firm has billed the Company over \$2,300,000 during the past five fiscal years**, in addition to the \$100,000 in Board fees he has collected in that time;
- **Develop New Hardware** – Develop lower cost, higher functioning terminals to enable the Company's customers to take advantage of the rapidly changing mobile payments market and accelerate the return on investment for all stakeholders;
- **Increase Processing Profits** – Reduce costs and increase profitability in the transaction processing segment;
- **Launch Vending Route Management Solutions** – Develop services to help customers use data to optimize their vending routes and increase their profitability;
- **Expand Internationally** – Distribute the Company's products on a global scale. The worldwide market is expected to grow to 35 million vending machines by 2015;
- **Protect Intellectual Property** – Enforce and defend the Company's key and valuable patents against emerging competitive threats;
- **Minimize Dilution** – Minimize dilution to shareholders. The majority of the current Board has overseen an increase in the Company's share count by over 43% in the past two years;
- **Align the Board's Interests with Shareholders and Reward Employees** – Our nominees plan to accept only options for service on the Board. We want it to be entirely clear that we believe in a pay for performance culture. We also plan to implement a stock option program for employees so that high-performing employees can benefit along with shareholders.

#### **SAVE has nominated seven extremely well-qualified candidates to the Board**

We believe that our highly qualified nominees are uniquely positioned and committed to implement our business plan successfully. Our nominees are leaders in their respective fields with specific expertise in each critical aspect of the Company's operations, including hardware, transaction processing, vending, finance and sales:

Mr. Thomas has extensive experience as an investor and as a director of public companies.

We believe that when you compare the qualifications of our nominees versus those of the Company, it will

the Board is that when you compare the qualifications of our nominees to our those of the Company, it will become readily apparent that our nominees have better qualifications and more experience to execute a business plan to improve the profitability of the Company. **All of these nominees are committed to the ultimate goal of making USAT a success and maximizing value for every shareholder.**

---

Over the coming weeks, we will be providing you with materials that we believe will help you to make an informed decision about the future of YOUR Company, including further information regarding our nominees and business plan. During this time, the Company and their public relations team may spend shareholders' money to protect the status quo, and you may also hear many personal attacks from the Company regarding SAVE and its nominees. Do not let this negative campaigning distract you from the real issues at hand. SAVE believes USAT has significant potential and we are passionate about growing the business. In our view, in order to realize that potential and maximize value for shareholders, USAT requires a new direction and a new Board.

**SAVE is the largest shareholder of the Company. SAVE has a business plan to improve the profitability of your Company and we have nominated seven extremely qualified individuals to the Board. Our interests are aligned with yours. We look forward to earning your vote and working hard to improve the value of your investment.**

Sincerely,

Bradley M. Tirpak & Craig W. Thomas
